

About Jo Ann: Jo Ann has a Ph.D. in Ecosystem Analysis from University of Washington. She had a 20 year career with the US Forest Service, mostly in California and the Sierra Nevada before taking a several year break and now returning as the Regional Planning Ecologist. Earlier accomplishments include: participant and co-author of the Old Forest Chapter in the Sierra Nevada Ecosystem Project Report to Congress in 1996; EIS team member for the 2001 Sierra Nevada Forest Plan Amendment; co-editor and author of Fire in California Ecosystems; lead author of the Sierra Nevada Chapter in Terrestrial Vegetation of California. She has extensive experience in plant ecology, wildlife habitat relations, fire effects monitoring and ecological classification, and interagency and scientific collaboration.
