## Workshop Ground Rules

1. **Electronics courtesy** – please turn all devices to silent or off
2. **Common conversational courtesy** – do not interrupt others, use appropriate language, and do not make it hard to hear by having third-party conversations at the table
3. **Be comfortable** – take personal breaks if needed, restrooms and refreshments provided
4. **Humor is welcome** – it just should not be at someone else's expense
5. **All ideas and points of view have value** – you do not have to agree with your neighbor; if you do not agree with something, propose an alternative
6. **Avoid editorials** – avoid judging other people's motives or the value of their actions; instead explain what you need for our work to be a success and your interests to be met
7. **Honor time** – we have a full agenda and need to spend some time with each topic
